Volume XLI OMAHA UNIVERSITY No. 17  
OMAHA, NEBRASKA, FRIDAY, FEBRUARY 16, 1962

## OU Bowling Alley in Offing Regents Okay Resolution

At a Thursday meeting the Board of Regents gave final approval to a resolution to purchase four bowling lanes and pin-spotters from the American Machine and Foundry Company.

The \$29,000 purchase price includes \$9,400 for the lanes and \$20,000 for the automatic pin-spotters, a saving of approximately 30 per cent under list for the four lanes.

The facilities, now housed in the old Paramount Theater building in Omaha, were used by the Omaha Packers, a team in the National Bowling League.

The equipment has been available since the Packers left the NBL in the latter part of 1961.

No date has been set for completion of installation of the equipment at Omaha University, but John Latenser and Sons, architects for OU, are designing the remodeling of the room under the Student Center to accommodate the lanes.

The room, excavated last year, was part of a project to install eight alleys. This original project was abandoned for lack of funds.

An additional \$4,000 (approximate) will be used to purchase miscellaneous equipment, such as balls and shoes.

The four lanes will be installed in the south half of the room and the north half will be occupied by tables and vending machines to relieve some of the Student Center congestion.

## OU Students Begin Visits

Omaha University representatives began visitation to eight area high schools Feb. 14 with a visit to Abraham Lincoln in Council Bluffs.

Members of the Student Council are in charge of the visitations which will continue through April. Council members, as chairmen, select three to four graduates of a high school attending OU who become spokesmen for the University. The selections are then approved by Dr. B. G. Oleson, director of academic testing and counseling, who is in charge of the program.

Representatives speak before a senior assembly in the morning and answer questions about OU during the afternoon. Counselors and/or administrators also attend the assembly.

The Council members and the schools for which they are chairmen are Ken Allen, Central; Chuck Saxon, Benson; Mike Moore, North; Sharon Zagor, South and Tech; Beth Nelson in Douglas County; Jackie Palmer is chairman for Westside in District 66. In Council Bluffs, Charon Allen is Thomas Jefferson chairman; Dud Kersey, Abraham Lincoln.

## Cinema Series Starts Spring Presentations

An Italian film, "Umberto D," will be the first spring presentation of the University cinema series. Called "one of the three or four milestones in motion pictures," this character study of an old man and his attempts to provide for himself and his dog will be shown February 19 at 8 p.m. in the Conference Center Auditorium.

## Gateway Captures \$100 Third Prize In Safety Contest

A special safety issue of the Gateway on Dec. 12, 1961, won third place in a National college newspaper contest on safe driving, Paul V. Peterson, head of the journalism department, announced Monday.

Leigh Wilson, a January '62 graduate, and Russell Grove, a June '61 graduate, who were former photographers-writers for the Gateway, also placed in the contest.

Leigh won a \$50 second prize for the best published feature article on traffic safety. He wrote an article on the October accident in Elmwood park in which six youths were killed. Leigh was covering the accident as a reporter for KMTV by whom he is now employed.

Russ won third place and a \$25 third prize for the best published photograph. At the time of the Elmwood park crash, he was a reporter-photographer for KMTV. His winning picture which was that of the demolished car in which the youths died, was published with Leigh's story.

The contest was sponsored by the Lumbermens Mutual Casualty Company.

## Bail Guest Speaker

President Milo Bail will be the guest speaker at a luncheon Saturday honoring 87 Eagle Scouts.

The boys received their Eagle Scout badge after earning 21 merit badges and progressing through five other scout ranks. They were examined by a board of review.

The boys will be accompanied by men prominent in business and politics in Nebraska.

Progress is worth a little noise as AA wing construction begins.

## Construction Under Way on A.A. Wing

Dean Naylor signs as Dr. Bail and F. E. Borchers of the Board of Regents look on.

## William L. Shirer to Be First Speaker In Spring Session of University Nights

William L. Shirer, author, international affairs expert and former journalist, will speak February 18 at the first spring session of University Nights.

Shirer, whose best-selling "Rise and Fall of the Third Reich" ranked next to the Bible in last year's book sales, will discuss the national and international problems facing Americans. His address, "The World Today," will be presented at 8 p.m. in the auditorium of the Administration Building.

A foreign correspondent in Europe for nearly four decades, Shirer has been awarded radio's "Peabody Award" for his Berlin broadcasts and journalism's "Wendell Wilkie One World Award" for his coverage of World War II and the preceding crisis.

From his war-time experiences, he wrote the famous Berlin Diaries and "The Rise and Fall of the Third Reich," which was also the result of 5½ years of research.

Shirer, whose journalism career ranged from coverage of Lindbergh's flight to the rise of Gandhi, has lectured for many years on problems that need to be brought to public attention.

The spring session of University Nights will continue through April 13. Individual membership is \$15 for the eight presentations. Students with activity cards may purchase tickets for \$1 for each session.

## 46 Faculty Members Are Approved

Forty-six faculty appointments were approved at Thursday's Board of Regents meeting.

The appointments:

Ackerman, Robert, instructor, Elementary Education.

Baker, Bruce, instructor, English.

Blackwell, J. V., associate professor, Art.

Borsheim, James, coach and instructor, Athletics and Men's Physical Education.

Bush, C. Harold, assistant professor and technical designer-director, Dramatics and Speech.

Coniglio, Al, coach and instructor, Athletics and Men's Physical Education.

Cardwell, Lloyd, coach and instructor, Athletics and Men's Physical Education.

Carrie, Neva, assistant professor, Biology.

Egelson, Beryl, instructor, English.

Dooley, Linda, instructor, Women's Physical Education.

Dunbar, Roger, instructor, Geography.

Ellerbeck, Lloyd, instructor, Physics.

Fischer, J. Kenneth, coach and instructor, Athletics and Men's Physical Education.

Frank, Virginia, instructor, English.

Garbin, Albano, instructor, Sociology.

Hanna, Joe, instructor, Secondary Education.

Higley, Wayne, instructor, Accounting.

Hlavac, Rene, instructor, Education.

Jorgensen, Joan, instructor, Women's Physical Education.

Kemp, Donald, instructor, Journalism.

Kurth, Bert, instructor, Men's Physical Education.

Larson, Albert, instructor, Geography.

LeMar, William, assistant professor, engineering.

McCord, Sherman, instructor, Marketing.

Orban, Donald, instructor, Speech.

Pedrin, D., associate professor, Psychology.

Peters, Kermit, instructor, Music.

Rokes, Willis, associate professor, Insurance.

Saltzman, Rosalie, instructor, English.

Shull, Donald, assistant professor, Physics.

Smith, Raymond, Jr., assistant professor, History.

Spagnuolo, S., assistant professor, Foreign Languages.

Steele, Elroy, associate professor, Economics.

Turner, Margery, instructor, English.

Watchorn, Donald, coach and instructor, Athletics and Men's Physical Education.

Bell, Helene, instructor, Music.

Burden, Franklin, assistant instructor, chemistry.

Dasenovich, V., lecturer, Foreign languages.

Johnson, Donald, instructor, Mathematics.

Offutt, Casper, lecturer, History.

Sedlacek, Charles, laboratory assistant, Physics.

Berger, Vera J., instructor, Women's Physical Education.

Danton, L. A., assistant professor, Economics.

Gierke, Sandra J., instructor, Art.

Runkner, Robert, associate professor, Mathematics.

Newport, M. G., assistant professor, Business.

## Debate Team to Tour Midwestern Colleges

Highlighting the debate program for the year will be a tour for the debate team Feb. 21-25 to three Midwestern colleges.

Don Orban, Director of Forensics, said the team will leave Feb. 21 for Western Illinois University, Moline, Illinois.

They will travel to Indiana State College, Terre Haute, Indiana, Feb. 23.

There will be two audience debates at each college.

Last stop for the team will be the Indiana University tournament, Bloomington, Indiana, Feb. 24. There will be four rounds of competition, primary against Big Ten schools.

Team members are Bill Stillmick, Max Voigt, Mary Evans, and Arlene Grossman. They will be accompanied by Don Orban, director of the debate team.

The debate team has won 60 and lost 40 for the season.

## Blood Drive Is All Day Feb. 21

The annual all-day blood drive sponsored by Alpha Phi Omega, University service fraternity, begins Feb. 21 on the third floor of the Student Union.

This year a trophy will be awarded to the campus organization whose name appears most often on the donor cards. The organizations are free to campaign for votes from non-members.

Potential donors who are under 21 years of age must present a permission slip signed by a parent or guardian prior to the donation. These slips are available in the bookstore until Feb. 20.

## Kathy Planteen's Fund

The Kathy Planteen memorial fund has reached the total of \$996.81.

Stipulations for a scholarship have not been fully decided yet, but a scholarship will be awarded in the fall, said Donald Pfister, dean of students.

Cooper Construction Company began work Wednesday to meet its September 1, 1962 completion date for the new wing of the Applied Arts Building.

The contracts were officially awarded Tuesday. Blueprints, steel tape and chalk were on the scene the following day.

Cooper was low bidder for the general construction with the desired Sept. 1 completion date. B. Grunwald, Inc., was awarded the mechanical contract and H. W. Miller Electric will do the electric work.

The addition will take a part of the parking lot on the Southwest corner of the present Applied Arts Building. A new driveway will be cut to provide access to the lot after excavation begins Monday.

## Semester Enrollment Is Up Seven Per Cent

Total registration for this semester numbers 6,208, a seven per cent increase over last year's second semester enrollment.

Of this total, 3,370 are day students and 2,838 are classified as evening students.

The day school enrollment includes 1,260 freshmen, 583 sophomores, 417 juniors and 698 seniors.

With the addition of 160 new bootstrappers this semester, there are now 426 military men participating in the program.

According to Virgil Sharpe, assistant registrar, "There is an approximate 25 per cent decrease in schedule changes this semester than last semester."

## Match-Fund Grant Sought by University

A proposal has been sent to the National Science Foundation in Washington requesting a matching funds grant for laboratory equipment for the new wing of the Applied Arts Building.

The laboratories for Industrial Engineering and Motion and Time Study courses are essential for national accreditation for the four-year B.S. Degree in Industrial Engineering.

The equipment will include electronic and testing machines as well as visual aids. According to building plans, one laboratory will be 44 X 80 feet and the other will be about 20 X 40 feet.

Twenty copies of the proposal were submitted, one for each of the panel of experts in Washington, for review and approval. Suggestions and requirements by the panel will be incorporated in the plans.

## Selective Service Offers April Test

The Selective Service has announced a "College Qualification Test" to be given April 17.

The test scores will be used in considering the eligibility of registrants for occupational deferment as students, but are not in themselves conclusive.

Eligibility to take the test is based on the following qualifications: The applicant must be registered with Selective Service; must be satisfactorily pursuing a full-time graduate or undergraduate course leading to a college degree; and must not previously have taken the test.

Those wishing to apply for the test should do so through the Counseling Office, Rm. 213 Administration Building.

## Instructor, Students Enter Art Exhibition

Several art students and an art instructor from Omaha University will display their paintings at Joslyn Museum.

Art instructor Peter Hill and students Judy Church, Robert Austin and John Kazalunas will display their work at the Midwest Art Exhibition.

The exhibition begins February 18 and lasts till March 18.

## Traffic a Problem

Front doors are for opening—that's news to a surprising number of University of Omaha students, as evidenced by the crushing flow which pours out the West door of the Administration Building and the East door of Applied Arts.

A perfectly good sidewalk leads from the front door of each building, and with a little forethought, some of the congestion could be eliminated and the Student Center or Library could be reached with a minimum of trouble.

In one 10-minute period between classes Tuesday, 10 people used the front door of Applied Arts as compared with several hundred who stampeded out the side.

In these days of crowded classrooms on a crowded campus, the problem of congestion exists everywhere. At least an attempt at an orderly flow of student traffic should help somewhat.

The problem was real enough to several AFROTC students who were prompted to select student congestion as topics for their staff reports.

# CAE Offers Special Education Chances Through Community Service Courses

By Linda Bolton

Since its creation in 1952, the College of Adult Education has provided courses and special educational opportunities for thousands of adults under the supervision of Dean Donald Z. Woods, Assistant Dean O. W. Snarr and Michel Beilis, director of conferences and community service courses. CAE has become extensive and varied.

The CAE program provides vocational and professional training for adults through credit courses and community service

courses. For adults as well as regular students, it provides intellectual and cultural development.

### Enrollment Reaches 2,870

With an enrollment of 2,870, over 160 credit courses are offered for the spring semester. This enrollment includes the programs for the campus, bootstrappers, Offutt Air Base, Lincoln Air Base, and South Omaha.

In addition, four credit courses in music, political science and mathematics are being presented in cooperation with KMTV, and, for the first time, an FM

classroom is being presented by station KQAL-FM.

A spring enrollment of 1,150 is anticipated for community service courses, which cover a variety of subjects and carry no academic credit.

### Personal Development Series

In these special courses are 12 daytime courses arranged exclusively for women. A personal development series provides courses in home planning, vocabulary, interesting reading, two early morning classes in reading and public speaking and science series for parents and children.

The professional assistance program is designed for persons in business, and the insurance program offered leads to professional certification.

The supervisory and management training is divided into a two-part program of discussion courses.

The technical institute, directed by James Hossack, is composed of courses for students interested in electronics, engineering, business and construction.

In addition, several hundred persons are registered in special short courses, arranged for business, industry and professional groups.

### Busiest Night Spot

The community service programs, along with other CAE activities, have given OU the label of "the busiest night spot in town."

The spring University Nights program will present in person such internationally-known figures as author William L. Shirer on Feb. 18; John Spencer Churchill, nephew of Winston Churchill, and India Gandha, daughter of India's Prime Minister Nehru. Individual membership for the eight presentations is \$15, and students with activity cards may buy tickets for \$1 each. The series will begin with Shirer's appearance and continue weekly through April 13.

### Legacy of Man

In cooperation with KQAL-FM, the Legacy of Man is broadcast every Thursday night at 9:30. The topic of the spring series is the American Nobel prizewinners.

One of the newest innovations of educational communication, in which OU is a "pioneer," the tel-lecture, will be used for exchanges with other universities this spring. Developed at OU under the leadership of Mr. Beilis, the tel-lecturer can bring speakers to the campus by telephone.

## New Instructor Joins Art Dept. Faculty

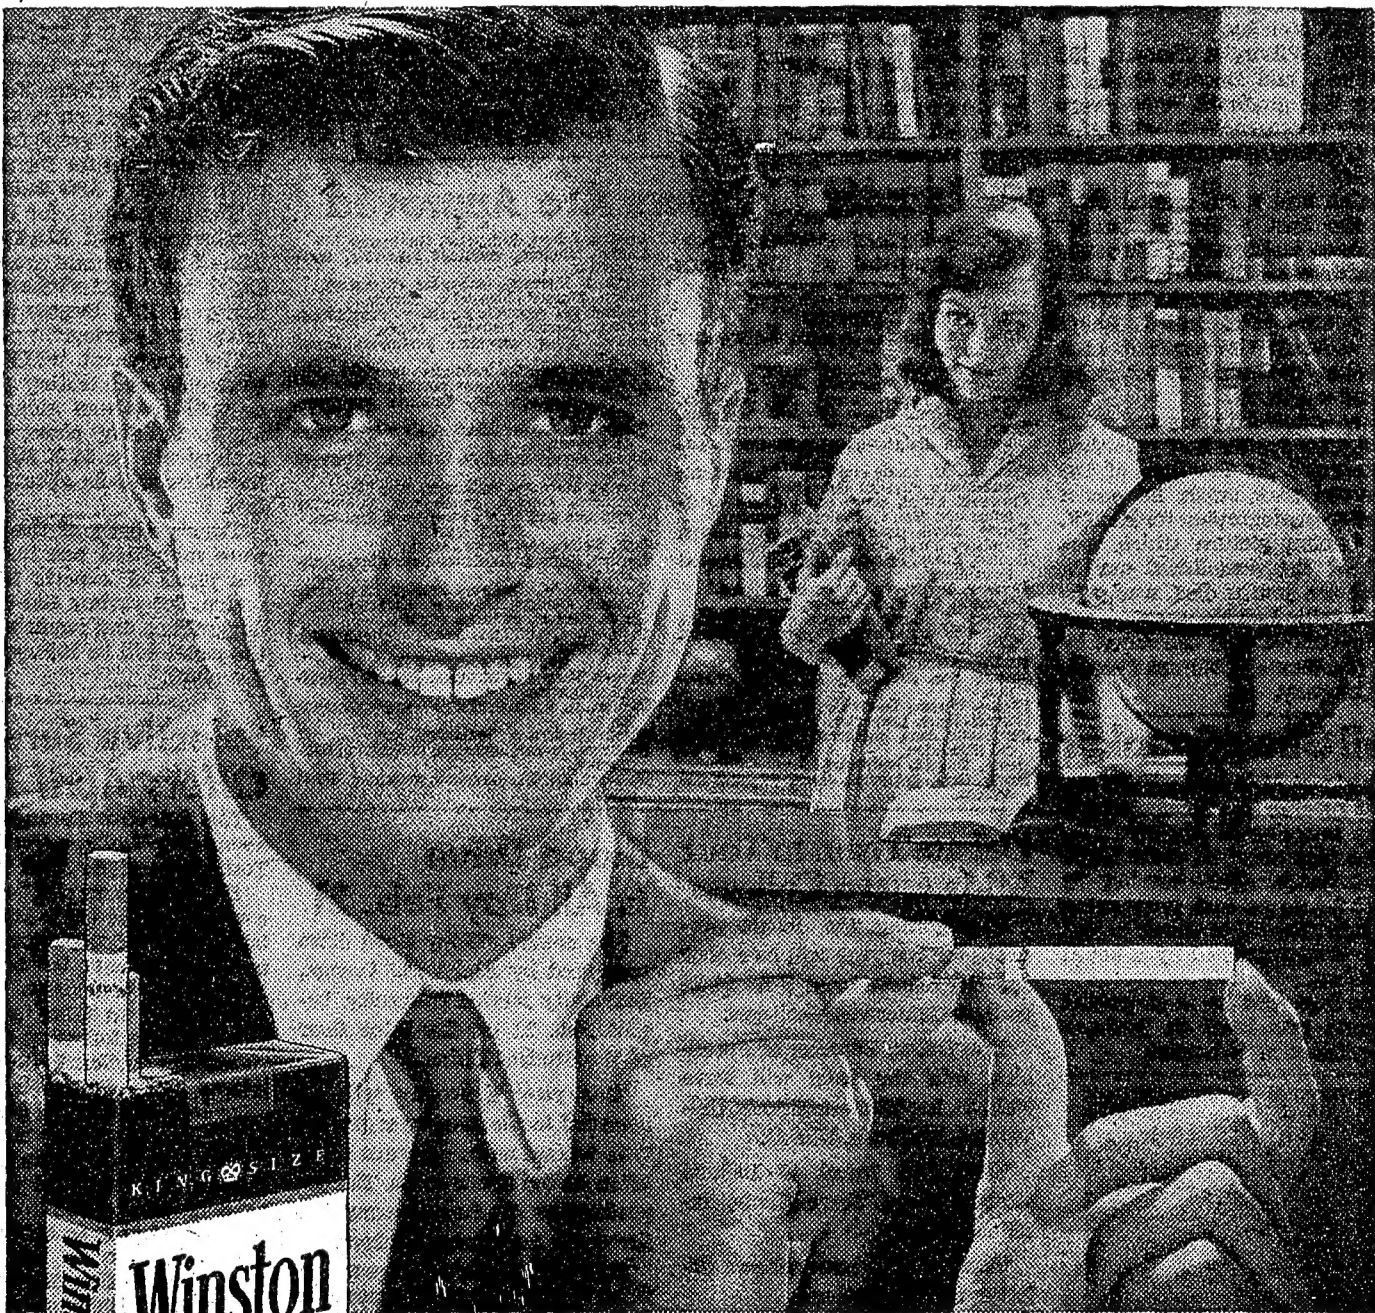

The Omaha University art department added a new instructor to its staff this semester.

The new instructor is Sandra Gierke who came to Omaha from Chicago, Ill.

Miss Gierke received her BFA in 1959 and MFA in 1961 from the University of Illinois.

She has exhibited some of her paintings in the midwest. One of her paintings won a six-hundred-dollar award at the Chicago Art Institute.

## It's what's up front that counts

## WINSTON TASTES GOOD like a cigarette should!

## Who's ho On Campus

by Mike Dugan

Ralph Chimelis is a happy man. He is happy because at 49, he is attaining a reward in life that most of us take for granted.

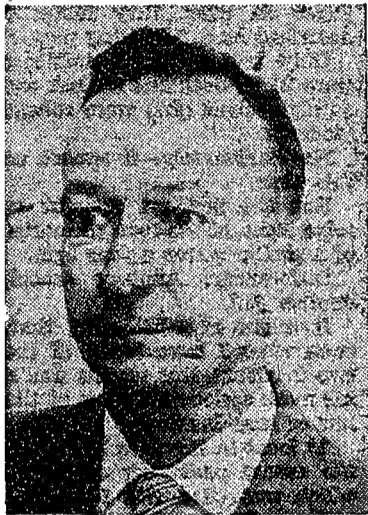

This is the right of life, liberty and the pursuit of happiness.

The long struggle towards this goal began in the Dominican Republic after he moved there from Ciales, Puerto Rico as a small boy.

Under the dictatorship of Rafael Trujillo, Ralph found it next to impossible to attain a liberal education or exercise freedom of thought.

When he was 13, he had to give up his formal education to help support his family.

During the following years, Ralph decided to go to the United States, and when he was 24 he had saved enough for passage to New York City.

Ralph Chimelis

For five years he worked as a stenographer in an export firm in New York until he was drafted into the Army in 1942.

After his discharge in 1946, he returned to New York and entered the export business.

In 1951 he was recalled to military duty and since that time served with the United States Air Force.

In 14 years he has risen from recruit to his present grade of Warrant Officer, grade 3.

As a world traveller, Ralph has lived or travelled in the Caribbean area, the five Central American countries, Caracas, Rio de Janeiro, Buenos Aires, Asuncion, Canada, Iceland, Spain, France, Switzerland and the United States.

During this time he has had the challenging experience of living under three different types of governments: Dictatorship (Trujillo in the Dominican Republic), authoritarian (Spain) and democracy (U.S.).

He has conducted studies at Columbia University, Maryland University, Illinois University and is now a "Bootstrapper" at Omaha University.

As a result of his experiences and travels, Chimelis has become a firm believer in Pan Americanism. "I see Latin America as one of the more important areas as far as the United States is concerned.

"It is to our mutual advantage—and here the weightier word is mutual—for the American Latins and the American Anglo-Saxons to keep uniting closely their cultural, economic and social relationships.

Political rapport would then follow as a matter of course," he said.

Following his graduation in March, Ralph plans to continue his studies and earn a Master's degree in Spanish and political science.

He would like to teach these related subjects upon his retirement from the military.

He lives in Rantoul, Illinois with his wife and two children.

## Ouampi Is Sloppy; Cost to Rise

By Steve Gould

Omaha University is finding it hard to maintain a policy of low food prices, due to increasing sloppiness of students in the Ouampi Room.

John F. Heckinger, Director of University Services, said the University Food Service "was planned . . . so that students would do their own bussing."

Out of necessity, the University has hired two bus-girls to bus the disorderly mess of left-over coffee cups, assorted eating gear and strewn paper cluttering the Ouampi Room.

Will the hiring of the bus-girls increase food prices?

"Not their specific hiring," said Mr. Heckinger. But he added: "If we add services, the cost goes up."

President Bail has already announced plans to expand the Ouampi Room and Mr. Heckinger said more bus-girls will probably be hired as the expansion takes place.

Mr. Heckinger said it would cost an estimated \$4,000 yearly to hire two more bus-girls.

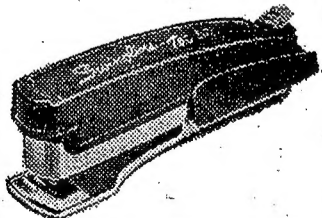

The two girls now "patrolling" the Ouampi Room were hired before the end of first semester, enlarging the Food Service staff to about 40.

As an added note, Mr. Heckinger said the University food prices "haven't kept up with the cost of living." Because Food Services buys "according to the market," Mr. Heckinger said, the food prices have been lower than it would cost nationally.

Freshman registered in the University will be on academic probation when any semester average falls below 1.2 or the cumulative average falls below 1.5 at the end of the freshman year.

Medusa was once heard to rave:  
"A new hair-do is just what I crave,  
With my Swingline I'll tack  
All these snakes front to back,  
And invent the first permanent wave!"

## OU Radio-TV Broadcasts Offer Community Service

By John Kalgert

A little known, or at least not ordinarily thought of function of the Radio and Television Department at Omaha University, is community service.

Ordinarily, when seeing students marching into room G-13 of the Applied Arts Building, one visualizes speech majors and others with special interests hard at work learning about their chosen vocations. In fact, all credit courses in radio and television are in the speech curriculum.

"But," said Paul Borge, director of OU's radio and TV department, "broadcasting is getting so big that it affects almost everybody. We also teach people who are interested in knowledge of the media without actually working in it."

Included in this group are teachers enrolled in the Education College, who utilize the de-

partment studio for an intensive program of radio and television teaching procedures. Speech students handle the technical production of these practice programs.

"Educational television is the coming thing," said Borge.

The department also uses its studio to aid in the production of two local radio programs. The "Legacy of Man" series is broadcast Thursday evenings at 7:30 over KQAL FM. A Midwest first, a college credit course on FM radio, is aired Saturday mornings over KQAL.

In addition to radio broadcasts, the department is coordinating the "TV Classroom" broadcast Saturday mornings, on KMTV. This is the tenth year of this operation, offering college courses for credit by TV.

Mr. Borge added: "Our facilities are also open to staff, faculty and students who have oc-

casions to appear on radio or television. They can come to the department for aid in procedure or practice in presentation."

In addition, the department holds various workshops. Interested parties meet, discuss and practice techniques. The latest one was for religious broadcasters in this area.

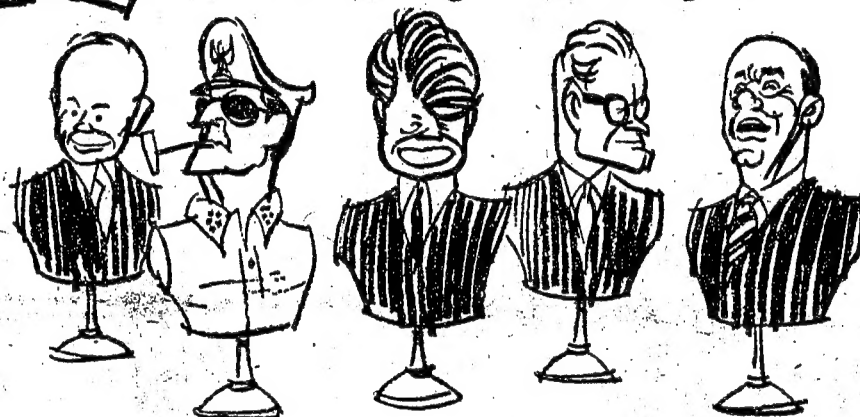

Looking toward the future, Mr. Borge hopes to eventually expand the closed circuit television facilities to other parts of the school.

Feeding original productions from the OU studio to downtown TV stations is another aim of the department. This would mean that the entire production of "TV Classroom" for example, would be handled on campus and broadcast locally.

And, far away, is the "formation of a six-state Midwestern educational TV network," Mr. Borge said.

# Physics Department Given Nuclear Physics Equipment

By Fran Campbell

The Omaha University physics department is for the first time equipped to teach a class in nuclear physics.

This advancement in the department was made possible by an \$11,370 grant from the Atomic Energy Commission, Prof. John G. McMillan, chairman of the

and detect a single radioactive ray.

The new equipment includes a radiation spectrum analyzer which records the energy outputs of radioactive materials at different energy levels and analyzes the radioactive rays both qualitatively and quantitatively; a high fidelity scaler unit which will count radioactive pulses at rates of thousands per minute;

analyze alpha, beta, gamma and X-rays," McMillan said.

"Systems have been set up for four different methods of detecting radiation, so that advanced students can have the opportunity to become familiar with the basic methods employed to analyze radioactive matter.

"The available systems include the geiger counter, the gas flow proportional counter, the solid crystal scintillator and the well crystal counter methods," he said.

The new equipment is of the best research quality. It will be used for demonstration purposes and projects of individual research by advanced students.

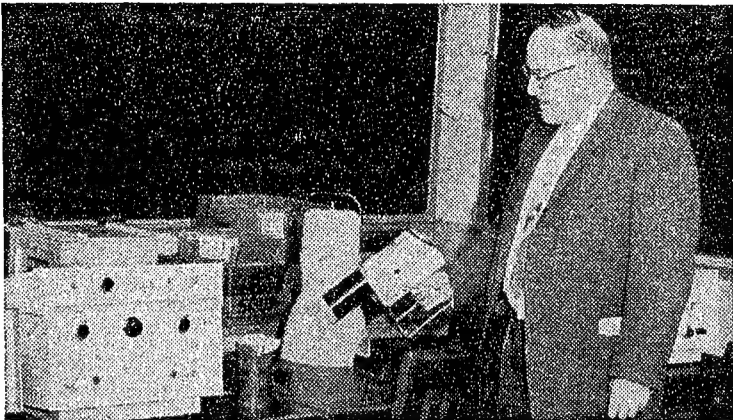

"The equipment will also give the physics instructors an opportunity to carry on research, if time allows," McMillan added.

The physics department of OU has already undertaken some research. "We were one of the first in Omaha to correlate the radioactive fallout in air over Omaha with Russian, British and American nuclear tests," McMillan said.

McMillan said that the radioactive material used by the researchers is not of high intensity, and students can protect themselves by building lead walls around the material being examined and by wearing pocket dosimeters which indicate the amount of radiation which has been received.

a count rate meter which indicates how fast and how many rays are being emitted; a radiation analyzer which can be used in tracer work for present count times of activities; and a portable survey meter, better known as a "cutie pie," which looks much like an oversized ray gun.

"We now have equipment that will accurately, qualitatively an-

Professor McMillan displays research equipment.

physics department, announced. McMillan applied for the grant last year.

"The new equipment fills a very basic need in the department," McMillan said, "because to present a modern course, you must have modern equipment."

The department now has elaborate equipment that can count down to millionths of a second

## Placement Tests Are Offered

By Lloyd Harmsen

Doctor, lawyer, Indian chief, what to be poses quite a problem in today's world. It is no longer a question of being just a doctor or lawyer, you must be a specialist such as a neurosurgeon or corporation lawyer.

People do not realize when they say that today's youth lacks definite goals that today's world is becoming increasingly complex and youths cannot make up their minds as easily and as soon as our elders did. Many students here at Omaha University are not sure they are in the right college, such as business, or applied arts.

Student placement offers intelligence, aptitude and achievement tests as well as interest and personal adjustment inventories. "The results of these tests," according to Dr. Oleson, "help a student take an objective look at himself in regards to relative strengths and weaknesses.

The complete battery of tests take anywhere from 10 to 20 hours. This depends, however, on just what the student wants to learn from the tests. Dr. Oleson and the student determine which tests to take after counseling.

Dr. Oleson said his office took care of approximately 200 students last year. "Our new office (Adm. 213) will improve our services and availability to students."

Dr. Oleson said he would like to encourage any full-time, interested student to take advantage of the counseling services offered. The only cost is a scoring fee of \$1.25.

Intern Psychometrist, Bill Harriman administers tests.

## Beyond 30

By Ken Zimmerman

Much of last week end's local collegiate conversation was dominated by a police vice squad excursion to, among other places, "a West Omaha motel."

There they found a group of young — too young — people engaged in what they factually described as a "drinking party."

Only two of the 24 imbibers were 21 or over and all but one (a high school girl) were college students.

No—fortunately—it wasn't us this time.

But the incident brought to mind some not-so-fond memories of a similar soiree a year ago.

Differences: Another school, another jail.

It might also be noted that, from what I have heard of the two incidents, last week's was a far more serious violation of the law or laws involved.

At least in the case last year, the casual partaking of spirits which was cited was incidental to the purpose of the gathering.

Last Friday night, they weren't building any floats.

But regardless of the circumstances, the two incidents are identical in one obvious respect. They got caught.

Under-age drinking is not a product of this "beat generation." It has been going on since long before Little Beaver first swiped the chief's jug of fire water.

No legislation or vice squad raid is going to eliminate it.

But the unfortunate by-products become ever more serious.

Last year, no one suffered, individually, like the University of Omaha did, collectively.

With the exception of the "Council Bluffs Nonpareil," no media "named the names." And since most of those involved were Omahans, little personal damage was done.

And this year, since only one of the offenders was named, the same holds generally true. But is it little secret now that it was a gathering of Creighton students.

In both cases, the outside observer talked not of Joe Jones but of "that bunch of OU students" or "a Creighton party."

These are the things which every student with any sense of responsibility must take into consideration when participating in such affairs.

When individuality is lost to school association, that group ceases to be risking only personal damage. No matter what the occasion, it is "that bunch of OU students" who are tossing reputation to the dogs of public scorn.

In our particular case, it is especially damaging because every taxpayer in Omaha is contributing to the continued existence of this institution. In most cases, it is far from voluntary.

There are many who seize every opportunity to condemn this comparatively small tax bite.

And, unfortunately, it is not the science fellowship or retaining scholarship which catch their eye.

"Tareyton's Dual Filter in duas partes divisa est!"

says Sextus (Crazy Legs) Cato, Bacchus Cup winner.

"There are lots of filter cigarettes around," says Crazy Legs, "but e pluribus unum stands out—Dual Filter Tareyton. For the best taste of the best tobaccos, try Tareyton—one filter cigarette that really delivers de gustibus!"

DUAL FILTER  
**Tareyton**

Product of The American Tobacco Company—Tobacco is our middle name

Candidates for Junior Prom Queen are from left to right: Kay Malick, Sigma Kappa; Sharon Johnson, Alpha Xi Delta; Midge Butters, Zeta Tau Alpha; Delores Brewer, Chi Omega; Anita Lee, Independent Students Association. The election will be held February 21.

## German Club Is Open to All

The German Club, which was revived last semester, is open to anyone interested in its activities—not just those enrolled in German classes.

The officers for the group are president, Linda Johnson; vice president, Frank Bundy; secretary, Sherrie Ulfers; treasurer, Lawrence Melchow and activities, Gordon Jorgenson. The group's sponsor is German instructor, David Moore.

The club regularly meets the first Wednesday of every month but due to finals and semester break the next meeting will be on Feb. 21.

## KMOU Radio Station Gives Music, News

The musical background that is heard on the Omaha University campus is furnished in part by KMOU, the campus radio station.

Monday through Friday the music is provided by the disc jockeys from Mr. Borge's closed circuit lab in the Applied Arts building.

From 11 a.m. to 2 p.m. Vernon Wood, Jane Matthews, Arlene Grossman, Jim Cox, Gary Sindelar, Don Halton, Ralph Woodard, Bob Mundy, John Gaffney, Jerry Scheschy, and Jim Skryja can be heard spinning the latest instrumentals for the student body.

Terry Frosberg is program director for the station. Other staff members include John Slane, music director; Art Bauer, news director, and Dave Miller, news editor.

## 'Study Buddies' Treat Each Other

A dinner meeting for Alpha Xi Delta "study buddies" was held last Wednesday evening.

The dinner is held at the end of every semester by the active members of the sorority. At the beginning of the semester actives are paired off according to grade average and the one with the highest grades gets a free dinner provided by the ones with the lower grades at the end of the semester.

## Air Force Night On Tap Tomorrow

AFROTC Air Force Night will be tomorrow night at Omaha University basketball game with Pittsburg.

The Angels and the Sabres drill teams will perform during the half-time. Music will be offered by the AFROTC Band, and a large group of cadets are scheduled to attend.

The Air Force night is to show the support the AFROTC department gives the school.

## Jr. Nancy Kautz Wins National Scholarship

Nancy Kautz has been awarded the National Secretarial Scholarship by the Neboma Chapter of the National Secretarial Association.

Nancy, who is a junior at the University of Omaha, received the \$100 scholarship on the basis of her outstanding work in the secretarial department.

## Royal Flairs to Play At TGIF Party Today

The TGIF parties being held in the Ouampi Room from 3 to 5 p.m. on Friday afternoons will have music furnished by the Royal Flairs today.

## Junior Prom Vote Feb. 21

One of five candidates will reign at the Junior Prom to be held Feb. 23.

The coeds vying for the title are: Sharon Johnson, Alpha Xi Delta; Delores Brewer, Chi Omega; Anita Lee, Independent Students Association; Kay Malick, Sigma Kappa, and Midge Butters, Zeta Tau Alpha.

All students are urged to participate in the selection of the Queen to be held Feb. 21 on the second floor of the Student Center. An activity ticket is needed to vote in the election.

Junior class officers and junior members of the Student Council are sponsoring the affair. Larry Bell and the Cyclones are scheduled to play. Dennis Graves will be the master-of-ceremonies.

One activity card per couple will be the price for admittance. Dress will be suits and cocktail dresses.

Junior Prom Queen will be announced during intermission.

## Club Announces Best-Dressed Gals

Nominations for Omaha University's Ten Best-Dressed Women are being submitted at the regular meeting of the Home Economics Club Wednesday.

The ten winners will be announced at a tea given next week.

Judging is done on suitability of clothes for college and college social functions, consistent good grooming, style and appropriate use of make-up for both daytime and night wear.

Members of the Home Economics Club stress natural beauty, and have been reviewing OU coeds this past semester.

## Speakeasies Attract Loquacious Crowd

Sixteen attended the Speakeasies' first meeting of the semester Monday afternoon in the Student Center.

The group meets every Monday at 12:30 in alcove C and D of the cafeteria. They eat lunch and take turns giving one-minute, unrehearsed speeches on the subject found on topic cards at their place.

## New low-cost luxury in two just-out Chevy II Nova sedans

• Luxury and low cost have never been more beautifully blended than in these two newest additions to the Chevy II line! Like their running mates—the Nova 400 Sport Coupe, Convertible and Station Wagon—they have the same more-for-your-money features that have made Chevy II the winner of *Car Life* magazine's Engineering Excellence Award for 1962. Soft-riding new Mono-Plate rear springs, proved in the equivalent of 2,000,000-plus test miles. Thrifty 6-cylinder engine

that gets more "git" out of a gallon of regular. Body by Fisher roominess that fits big families and small parking places. An easy-loading vacation-sized trunk. New ideas that save on upkeep. Plus trim, tasteful styling, inside and out. See the smart, sassy, saving Chevy II Novas—and the other sensibly sized, sensibly priced Chevy II models—at your Chevrolet dealer's.

## Campus Political Activities Soon to Be in Full Swing

As the May 15 primary election moves closer, political activity on the Omaha University campus is beginning to show renewed signs of life.

Two OU professors will actively campaign in Douglas County for Democratic gubernatorial candidate Darlene Brooks, the widow of the late Governor Ralph Brooks of McCook.

Forrest Hazard, assistant professor of foreign languages, has been named chairman of the county campaign committee for Mrs. Brooks.

Also serving on the committee will be Dr. Thomas Bonner.

"A smart politician probably wouldn't back Mrs. Brooks at this stage. I'm not saying she is going to win. This is a stand on principal," Dr. Bonner declared.

"She has taken a responsible stand on state issues which all the other candidates are dodging," he said.

Mrs. Brooks strongly represents the national Democratic point of view" and she "firmly supports the Kennedy program right down the line," he said.

Dr. Bonner was defeated in the November, 1960, general election as a write-in candidate for Congress.

### YRs Plan Activities

On the other side of the fence, the Young Republicans at OU are mustering forces for the spring primary.

Professor William Utley, YR sponsor, said the Young Republicans are "showing increased activity" as the primary approaches.

Utley, head of the political

science department, has called a meeting of the Young Republicans and all who are interested for 3:30 p.m., Monday, in Room 301 of the Applied Arts Building.

Election of officers and outlining of future projects are heading the meeting agenda.

High on the list of proposed projects, Utley said, is a student campaign to step up voter registration for the primary.

OU student Mary Carlson, who attended a YR workshop in Washington, D. C., during the semester break, is slated to give a report at the meeting.

Miss Carlson said she "noticed a great increase in political activity among the youth of the nation, including the southern states."

She said a record 600 delegates attended the Fifth National Leadership Training School which was sponsored by the National Federation of Young Republican Clubs.

The previous high was in 1961, she said, with 275 delegates attending.

Miss Carlson was among the nine delegates from Nebraska.

### Faculty Active Off-Campus

Activity by Young Democrats on campus has "fallen off between elections," Dr. Bonner reported this week, "but we hope to get them going for the primary."

Dr. Bonner, who is a YD advisor, said the OU Young Democrats have been "very inactive in recent months." He said Tuesday he did not know of any immediate organizational plans for the group.

## Volunteer Bureau Needs Volunteers

"Make Help Your Hobby" is the motto used by the Volunteer Service Bureau to urge students to become an active part of the community by putting free time to good use.

A student branch of the Volunteer Bureau was organized last fall and opens a booth outside the bookstore every Wednesday from 9 a.m. to 1 p.m.

A student or any campus group may volunteer their time to fit their schedules. Volunteers are needed around the clock.

"Satisfaction Guaranteed," a film put out by the Bureau, is available to any organization free of charge.

The Volunteer Service Bureau is a non-profit making organization and operates as a liaison between agencies and volunteers. It is sponsored by the United Community Service. The headquarters of the Omaha Branch is room 726 in the Filpatrick Building. Area supervisor for the organization is Mrs. Edith Winji.

Students who know that the only way to get pleasure out of life is to give pleasure to someone else, will be interested to know that help is needed in such activities as care of the aged and mental patients.

Other activities open for volunteer help are working with children in nurseries and in arts, crafts and sewing.

## Dinner Meeting Held By SAM Members

A dinner meeting was held Tuesday evening by the Society for the Advancement of Management.

Van Durham, manager of the organization department at Northern Natural Gas, spoke to the club members and their guests on the opportunities for college graduates in business.

## Spanish Club to Hear Discussion on Sautillo

The Spanish Club will meet this Sunday at 3 p.m. in the Student Center, Room 309.

A speaker will talk to the group about Sautillo, a school in Mexico, where American Spanish students can go for eight weeks in the summer to study the language. Slides will also be shown.

Conversation groups will also be held in Spanish.

## Greek Theme Is 'Responsibility'

Greek Week's theme this year will be "responsibility."

This was the decision of the Interfraternity and Panhellenic Councils Tuesday in a joint meeting.

Greek Week will be March 12-16 with a dance March 16 as a finale of the activities.

Preceding the dance will be a banquet where awards and honors will be given to the various Greek organizations.

The speaker and orchestra for the banquet-dance and the "Help Week Project" are still under consideration.

Following the joint meeting, the Interfraternity Council held a short meeting concerning second semester rush.

Second semester rushers must sign up for rush in Room 215 of the Student Center Feb. 20 between 9 a.m. and 3 p.m. and must pay a \$3 registration fee.

When pledging a fraternity or sorority they must be accompanied by one officer and one other member of the organization.

## New Committee Plans Activities

Plans for putting the Student Center to more wide-spread student use are being organized and discussed by a student-faculty committee.

A Student Center Program Committee has been formed for the purpose of organizing and implementing programs—social, recreational and educational—for the entire student body of the University.

There are 22 members on this committee of which 14 are students and 8 are faculty members. William Gerbracht is chairman of the committee. Other officers are recording secretary, Colleen Richmond, and corresponding secretary, Judy Moe.

The committee has already planned the dances held in the Student Center every Friday afternoon and the movies shown on Monday nights in the Student Lounge at 7:30. "Bell, Book and Candle" will be shown next Monday night.

Other suggestions which the committee is considering are a twist contest and a bowling contest. Any students who have ideas which would encourage the use of the Student Center should submit them to any member of the Program Committee.

## Lambda Chi to Honor Traveling Secretary

Lambda Chi Alpha will host a special dinner meeting in honor of their traveling secretary tomorrow evening at 6:30 p.m.

Mr. Dick Warner, the traveling secretary for the national headquarters of the fraternity, is in town for a three-day visit to Iota Delta chapter at OU.

## 'Bell Book, Candle' To Be Shown Feb. 19

The movie to be shown on Feb. 19 in the Student Center is "Belle, Book and Candle." The film will be shown in the ballroom at 7:30 p.m. It stars Kim Novak, James Stewart and the late Ernie Kovacs.

Students are invited to attend the movie free of charge.

## Bootstrappers Plan Get Acquainted Tea

A get-acquainted tea for bootstrappers, their wives and faculty was given by Pen and Sword from 4 to 5 p.m. yesterday in the Student Center.

Approximately 400 guests were invited to attend.

## Father Reid to Talk

The Canterbury Club, which is the Episcopal Church group on campus, will meet Feb. 18 at St. John's Episcopal church.

At that meeting Father William Reid will speak on the "Evangelical Movement."

## Child Study At OU Clinic

By Marilou Thibault

Another way in which the University of Omaha serves the people of Omaha is through the Child Study Service, located in the Administration Building, room 109.

The Child Study Service is the psychological clinic for the Omaha public schools and it is run jointly by the Board of Education and OU.

Dealing primarily with students of the elementary school level, the Service conducts a complete psychological testing program and also verifies group intelligence tests given in the school.

The results of these tests, with a complete psychological report, are sent to the Board of Education and the child's school.

Counseling sessions are held with the child's parents, in which they are told the level of work attained on the tests, the expected level of achievement, or any special difficulties the child may have. They are not told the actual numerical scores on the tests, for the Service feels that the scores are not important in themselves.

Another important phase of the Child Study Service is their pre-school testing program. Tests are administered to children who are four years old, and whose fifth birthday falls between Oct. 15 and Dec. 1. These tests are to determine whether the child is mature enough to enter school before his fifth birthday. The service expects to supervise about 250 of these tests this year.

The Child Study Service, always operating at a hectic pace, is in charge of all statistics of testing in the Omaha Public School System. This includes administering 10 full surveys during the year, seven to be given between February and April.

The office is open all year with the exception of a month in the summertime. It is quite unique, being set up by a university and subsidized.

Director of the Child Study Service is Dr. D. T. Pedrini; Dr. Frank Gorman is the administrator, and Mrs. Geraldine Nesvan is the school psychologist.

Other personnel in the office include Mrs. Joleen George, Executive Secretary, Mrs. Dorothy Christensen, Secretary and four internes.

Internes are graduate students working the Service. The present internes are Misses Nancy Reasoner and Dorian Brown, Mrs. Katherine Hewing, and Mrs. Margaret Krusen.

## "Go to Hell" Is Theme For Sigma Phi Party

"Go to Hell" will be the theme of the Sigma Phi Epsilon informal party for rushers and their dates which will be held at Hill Haven tomorrow night.

Social chairman Roger Moore said that the barn will be decorated in shades of reds and oranges to accentuate the theme.

Sponsors Forrest Hazard and Dr. Francis Hurst will also attend.

## English Department To Host Annual Tea

Approximately 60 high school English teachers from Douglas and Pottawattamie counties will be attending the Ninth Annual Tea sponsored by Omaha University English department.

The tea will be held at 4 p.m. in Room 312 of the Student Center today.

The purpose of the tea is to announce the rules for the high school literary contest which ends March 16.

## Turnquist Is Speaker

The regular meeting of the Student Education Association met Wednesday at 3:30 p.m.

The featured speaker was Dr. Paul Turnquist, Jr. High Coordinator and Director of Student Teacher Placement for the Omaha Public Schools.

## New Bulletin Boards For Advertisement

Want to sell your car? Advertise for riders back home to New Jersey with you? Use the new bulletin board to be located by the Checkroom on the first floor of the Student Center. Designated exclusively for student communications, all announcements must be on a 3x5 or 4x6 card and must be signed.

Two new bulletin boards have been ordered. The second will be used to enlarge the present bulletin board outside the Student Activities Office.

## Burdius, Meyers Named New Leaders

At a recent meeting of the Indians, the leader and assistant leader for next year were announced. Alma Burdizius will take over as leader, and Jan Meyers will be the assistant leader.

Shermie Ulfers was named "Typical Indian" for this year.

Third-year awards were presented to Alma Burdizius, Midge Butters, Carolyn Curry, Cynthia Evans and Louise Welstead. Second year awards went to Mary Jane Cooper, Milda Markus, Jan Meyers and Barb Shradar.

## From a Sports Point of View

By Arlo Grafton

As a new semester begins the staff of the GATEWAY changes for the most part and the editors step into their new positions with an eagerness to better the jobs done by their predecessors.

This semester I am going to write this column in an attempt to point out some of the things that I feel are important in Omaha University athletics that seem to take a back seat.

Grafton

Ritner

As the new sports editor I feel that I am fairly well qualified for the position. I have served as sports editor for the North High School paper and have spent a year and a half writing for the GATEWAY.

The staff that I have working for me are probably as good a group of college sports writers that you can find around.

John Ritner

John Ritner is probably the most qualified as far as knowing how and what to write since he has spent the last two semesters performing tremendously as sport editor for this paper. He is a senior and has been a member of Omaha U's baseball team for three years, lettering two of these years. He also played football for two years lettering in his

Moran

Ash

freshman year.

porter on the weekends.

Tom Ash

Tom Ash is new to the GATEWAY staff but an old hand at sports writing. He spent two years at Nebraska University before transferring to Omaha U.

He is 22 years old and also was a sports editor for the North High School paper. He also was a standout distance runner on the North High track team along with playing basketball for three years. He is a member of the Omaha U. track team.

Mike Moran

Mike Moran one of the youngest members of the staff is a transfer from South Dakota University where he played freshman basketball and received a letter for his efforts.

He is now playing on the Omaha University varsity after a successful first semester on the Papoose squad.

Vetter

McEwen

Ken McEwen

The youngest and newest member to the staff is Ken McEwen, a freshman from North High and also a former sports editor of the Viking paper.

He played on the Storz championship baseball team and took top batting honors in the nation for the tournaments.

Carol Vetter

Last but by no means least, is Carol Vetter who handles all the Women's Physical Education activities for the GATEWAY.

Carol who claims sports as her hobbies plays softball with the Omaha Royals.

## Gorr Named to International Committee, Adds to Honors

By Tom Ash

Ernie Gorr, assistant professor of physical education and cross country coach, has added another honor to his growing list.

He was selected as a member of the International People-to-People committee which, Mr. Gorr says, "distributes sports information, equipment and instructions to underprivileged countries the world over." The purpose is to develop a better feeling between all nations through the media of sports.

Mr. Gorr, who this year completes his 29th year in coaching and teaching, says his main function will be to acquaint the people in this area with the People-to-People committee. He plans to do this through the distribution of literature and speeches to various groups. He must also find a means to raise funds to support the committee.

The appointments is a result of his assignment by the State Department to spread international good will through sports in British Guiana. He spent two months in 1959 teaching all sports

Gorr

in that country.

Mr. Gorr began his Omaha University career in 1947 as an assistant football coach which was followed by 10 years as track coach. In 1954 he revived the cross country sport in this area.

Since coming to OU, he has:

Served two years as president of the Midwestern AAU track committee.

Started the Junior Olympics program within the AAU.

Served on the advisory committee in charge of the Omaha area for the President's physical fitness program.

Headed a research program on long distance running for the AAU.

Received a state honorary award from the Nebraska Association of Health, Physical Education and Recreation for 10 years of outstanding service.

Become a member of that committee.

Been chairman of the NAIA cross country program.

Been director of the NAIA cross country championships.

Been elected as secretary of the NAIA Coaches Association (track division).

Mr. Gorr received his B.S. degree in Education from the University of Nebraska in 1933 and his Masters at OU in 1954.

## WRA Basketball Under Way; M&M's Lose Exhibition Game

Plenty of action and enthusiasm was seen this week in the women's P.E. hut as the Women's Recreation Association basketball schedule got under way.

The program was opened on Tuesday evening with competition between Chi Omega and Unaffiliated; Zeta Tau Alpha and Sigma Kappa met on Wednesday night and Alpha Xi Delta squared off with ISA on Thursday.

Anyone wishing to watch the women's basketball competition is welcome to attend. Games are scheduled on every Tuesday, Wednesday and Thursday evenings before the playoffs. The games begin at 4:00 p.m.

Next week Zeta Tau Alpha will meet Chi Omega on Tuesday evening, Feb. 20th; Alpha Xi Delta will face Unaffiliated on Wednesday, Feb. 21st; and ISA will oppose Sigma Kappa on Thursday, Feb. 22nd.

M&M's in Exhibition

Trailing by a score of 19 to 18 at half time, the Majors and Minors, Omaha University women's physical education club, were unable to keep up their momentum during the second half in an exhibition basketball contest against Offutt last Friday night.

The M & M's had lost to the Offutt squad a week ago by a score of 50-37. This game proved to be mostly one-sided except for a time in the second half when the M & M's pulled to within six points.

The Offutt team scored a quick six points at the start of the second half last Friday night from which the OU squad was

never able to recover. The final score was 44-30. The fine defensive play of the M & M's closed in on the Offutt shooters, making them take several poor shots.

It is planned to schedule another game between these two teams within the near future.

The M & M's, Omaha University women's physical education club, held their regular business meeting last Monday night. Liz Weil was elected second semester secretary for the club at this meeting.

Plans were also discussed for the coming Central District Convention of the American Association for Health, Physical Education, and Recreation which will be held in Omaha on March 21-23. Sharon Irwin is Student Chairman of the student section for the Convention.

The M & M's plan to attend a Play Day at the University of Nebraska tomorrow.

## Orchesis Schedules Practice for Tryouts

Two practices, Feb. 20 and 22, are planned by Orchesis, the modern dance honorary, in preparation for tryouts, Feb. 27. Both the practices and tryouts will be at 5 p.m. in the West Quonset.

## Will Do Typing and Secretarial Work

Call 453-4899

Mrs. C. H. Kaiser

## In Intramurals... Basketball Tourney Play in Quarterfinals

The Intramural basketball tournament will move into the quarterfinals next Wednesday, February 21.

The semifinals will be played the next day with the finals taking place the following Monday, February 26.

As of last Wednesday five teams had passed first round tests and will compete in the quarterfinals.

These five teams are the Zeke Moe Joes, Untouchables, Theta Chi, Hilltoppers, and the Lorpees.

The Zeke Moe Joes will be trying to keep its undefeated record in tact as the teams near the finals.

The Joes won the tourney last year along with an undefeated season and have won everything up to this point.

**Tournament Results:**  
Panthers 49, Leftovers 39;  
Zeke Moe Joes 65, Panthers 53;  
Untouchables 35, Lili Pikes 24;  
Hilltoppers 54, Delta Sigs 22;  
TKE 46, Bostonians 32;  
Pi Kaps 37, Rinky Dinks 28;  
Theta Chi 46, Lambda Chi 39;  
Lorpees 38, Pi Kaps 36.

**Bowling**

The Crew took over first place in intramural bowling Wednesday at the West Lanes.

The Lams, leaders for many weeks, dropped two points off the pace and trail the Crew 48-46.

The Fijis hold a slim lead over Tri Chi in the battle for third place by a total of 43-41. The Pi Kaps are two points behind in fifth place.

High team game for the day went to Tri Chi with a 704 while Lambda Chi pulled down the high team series with 1,972 pins.

Gary Groberg had the high individual series with a 588.

Joe Bonacci had the high individual game, a 215.

**Bowling Standings**

|         | Points |
|---------|--------|
| Crew    | 48     |
| Lams    | 46     |
| Fijis   | 43     |
| Tri Chi | 41     |

|                |        |
|----------------|--------|
| Pi Kaps        | 39     |
| Lambda Chi     | 36     |
| Lambda Chi (2) | 35 1/2 |
| Untouchables   | 35 1/2 |
| Theta Chi      | 32     |
| Sig Eps        | 30     |
| Delta Sig      | 29     |
| P.E. Majors    | 29     |
| TKE            | 24     |
| Iota Delta     | 22     |

**Postal Bowling**

Omaha University remains in second place in the North Central Conference of the National Collegiate Postal Bowling League.

OU rests behind St. Marys College which has won 21 games while losing only three. Omaha U. has won 14 and lost 10.

St. Cloud State College and Tarkio College are in third and fourth place respectively.

OU has an average of 851 and has a high team game of 969 and a high series of 2,718.

St. Marys has an average of 910 with 1,003 high game and 2,833 high series.

**Indoor Track**

The indoor track meet will be run off this coming Tuesday, Feb. 20 with the field events beginning at 3 and the running events at 4.

Teams must be entered in the intramural office, Room 240 of the Administration Building.

The ten events in the meet will be the broad jump, high jump, pole vault, shotput, 60 yard dash, 60 yard low hurdles, 440 yard dash, 880 yard run, mile run and the mile relay.

**Volleyball**

Intramural volleyball will start March 5 in the fieldhouse.

The Interfraternity volleyball will be played first so that it can be finished before Greek Week.

**Hockey**

# Indian Track Squad Racks Up Initial Indoor Triumph

Omaha University's indoor track team is off to a fine start in its season after downing Hastings and Doane in a triangular meet here Thursday, Feb. 8.

New men on the team were the big thrust needed to take 50 points while Doane had 41 and Hastings 38.

Roger Sayers left his competition behind as usual, and posted three first places and ran anchor man on the winning mile relay team.

The Rocket, paced by teammate Alan Roberts in the 60 yard dash, broke the tape at :06.2. He was a tenth of a second behind his own record in the 60 yard low hurdles with a time of :07. Roger's first place time in the 440 was :51.2.

Doane's star, Dean White, and teammate Doug Kellner, took the one-two spots in the 880, finishing ahead of Loren Drum and Ray Hultman of Omaha.

OU's Lloyd Cardwell, Alan Roberts, Jim Freelin and Roger Sayers won the mile relay easily with a time of 3:39.4. Doane's White and Tom Songster came on strongly near the finish to overtake Omaha's pacesetter Tom Ash in the mile run. White's time was 4:38.8.

Peter Sura, East German exchange student at Doane, captured first in the two mile run while Hastings finished strong in the hurdles.

Eldon Kiesborg placed first in the high hurdles and took second in the lows behind Sayers. Other entries from Doane, Gary Powers

Roger Sayers leads teammate Jim Foster in 60-yard low hurdles event. This was one of three firsts for Sayers in Omaha U's opening indoor track meet.

Kieborz, Hastings, 20-4½.

and Jack Osborne, added points by placing in the hurdles also.

Omaha took only one first in the field events. Jim Foster and Bruce Hunter of Omaha led the broad jump. Foster leaped 22-4½ and Hunter 21-4½.

Doane captured one-two in the pole vault with Des Isenhausen first with a 12 foot vault. Larry Boyer was second, clearing the bar at 11 feet. Summaries:

## TRACK EVENTS

Mile—1. Dean White, Doane; 2. Tom Songster, Doane; 3. Tom Ash, Omaha; 4. Fred Forslund, Doane; T. 4:38.8. 60-yard dash—1. Roger Sayers, Omaha; 2. Alan Roberts, Omaha; 3. Tom Wright, Hastings; 4. Jim Foster, Omaha; T. :06.2. 440-yard dash—1. Roger Sayers, Omaha; :51.2; 2. Tom Wright, Hastings; :52.8; 3. Alan Roberts, Omaha; :53.4; 4. Lloyd Cardwell, Omaha; :53.6. 60-yard high hurdles—1. Eldon Kieborz,

Hastings; 2. Gary Powers, Hastings; 3. Bruce Hunter, Omaha; 4. Jack Osborne, Hastings; T. :07.6. Two mile run—1. Peter Sura, Doane; 2. Tom Songster, Doane; 3. Carl Gallegos, Doane; 4. Gene Somer, Omaha; T. 10:28.7. 880-yard run—1. Dean White, Doane; 2. Doug Kellner, Doane; 3. Loren Drum, Omaha; 4. Ray Hultman, Omaha; T. 2:02.2. 60-yard low hurdles—1. Roger Sayers, Omaha; 2. Eldon Kieborz, Hastings; 3. Jack Osborne, Hastings; 4. Dennis Darrell, Doane; T. 3:39.4. Mile relay—1. Omaha (Lloyd Cardwell, Alan Roberts, Jim Freelin, Roger Sayers); 2. Hastings; T. 3:39.4.

## FIELD EVENTS

Shot—Larry Snyder, Doane, 45-10½; 2. Ron Davish, Hastings, 43-½; 3. Mike Mells, Omaha, 42-5; 4. Fred Kirshman, Hastings, 40-10½. High jump—1. tie between Jack Osborne and Eldon Kieborz, Hastings, 6-0; 3. Dave Hagglund, Omaha, 5-11; 4. Alan Roberts, Omaha, 5-10. Pole vault—1. Des Isenhausen, Doane, 12-0; 2. Larry Boyer, Doane, 11-0; 3. tie among Gerry Richardson and Loren Drum, Omaha, Dick Wolf, Hastings, 10-6. Broad jump—1. Jim Foster, Omaha, 22-4½; 2. Bruce Hunter, Omaha, 21-4½; 3. Jack Osborne, Hastings, 21-1; 4. Eldon

# Wrestling Squad Wins Dual Meet Over Northern Illinois

Omaha University wrestlers posted their first dual meet victory over Northern Illinois at Dekalb, Ill., taking a 21-10 decision in the Feb. 10 meeting of the two schools.

Jim Fuxa, Omaha sophomore at 130 lbs., fired the Indians by holding Northern's Bill Kontos to a 1-1 draw in the opening match of the evening. Kontos finished third in last year's NAIA Tournament. Omaha wrestlers, overweight, were forced to for-

feit the 123 lb. class.

Fuxa, a transfer from Nebraska University, was forced to sit out the first semester due to ineligibility.

Louie Miloni and George Crenshaw pinned their Northern opponents in 2:03 and 3:52 respectively.

Jim Howard, 157, along with Wayne Backes, 177, and Arch Ferguson, heavyweight, took decisions to secure the victory for the Indians.

## HOW TO BE A BWOC

Ladies, let me be frank. The days of the college year dwindle down to a precious few. And some of you—let's face it—have not yet become BWOC's. Yes, I know, you've been busy what with going to class and walking your cheetah, but really, ladies, becoming a BWOC is so easy if you'll only follow a few simple rules.

The first and most basic step on the road to being a BWOC is to attract attention. Get yourself noticed. But be very, very careful not to do it the wrong way. I mean, any old girl is bound to be noticed if she goes around with a placard that says, "HEY! LOOKIT ME!" Don't you make such a horrid gaffe. On your placard put: "ZUT! REGARDEZ MOI!" This, as you can see, lends a whole new dimension of tone and dignity.

Once you have been noticed, it is no longer necessary to carry the placard. It will suffice if, from time to time, you make distinctive noises. If, for instance, every three or four minutes you cry, "Whippoorwill!" you cannot but stay fresh in the minds of onlookers.

We come now to clothes, a vital accessory to the BWOC—indeed, to any girl who wishes to remain out of jail. But to the BWOC clothes are more than just a decent cover; they are, it is not too much to say, a way of life.

This spring the "little boy look" is all the rage on campus. Every coed, in a mad effort to look like a little boy, is wearing short pants, knee sox, and boyshirts. But the BWOC is doing more. She has gone the whole hog in achieving little boyhood. She has frogs in her pockets, scabs on her knees, down on her upper lip, and is followed everywhere by a dog named Spot.

All this, of course, is only by day. When evening falls and her date comes calling, the BWOC is the very picture of chic femininity. She dresses in severe, simple basic black, relieved only by a fourteen pound charm bracelet. Her hair is exquisitely coiffed, with a fresh rubber band around the pony tail. Her

daytime sneakers have been replaced by fashionable high heeled pumps, and she does not remove them until she gets to the movies.

After the movies, at the campus cafe, the BWOC undergoes her severest test. The true BWOC will never, never, never, order the entire menu. This is gluttony and can only cause one's date to blanch. The true BWOC will pick six or seven good entrees and then have nothing more till dessert. This is class and is the hallmark of the true BWOC.

Finally, the BWOC, upon being asked by the cigarette vendor which is the brand of her choice, will always reply, "Marlboro, of course!" For any girl knows that a Marlboro in one's hand stamps one instantly as a person of taste and discernment, as the possessor of an educated palate, as a connoisseur of the finer, loftier pleasures. This Marlboro, this badge of savoir-faire, comes to you in flip-top boxes that flip, or in soft packs that are soft, with a filter that filters and a flavor that is flavorful, in all fifty states of the Union and Duluth.

**BWOC: Buy Marlboro On Campus. Buy them downtown too. Either place, you get a lot to like.**

# Cagers Meet Pittsburg State After Two Losses at Home

Omaha University, in the depths of a 5-game losing streak, takes on Pittsburg State tomorrow night in the Fieldhouse at 8 in an effort to avert a blanking in CIC play.

The Indians, 0-7 in conference play, will be seeking revenge for a 75-59 defeat administered by the Borillas at Pittsburg earlier this month.

Omaha Coach Jim Borsheim has expressed worry over the inability of the team to produce a leader. However, the ball club is young and many of the players are just becoming accustomed to the higher caliber of college basketball.

The Indians have lacked punch in recent contests and rebounding was poor at times. Paul Kaster has been the offensive standout with his long-range shooting and hustle but even this has not been able to perk up the club to its pre-Christmas form.

Kaster has average 23.2 points per game for his first five contests and has definitely proved a great asset to the ball club. A fine jumper for his size (6 ft.) he has pulled down many rebounds from taller opponents.

Omaha will close its season next week with a pair of road contests. The Indians will travel to Des Moines to meet powerful Drake on Monday and will journey to Kansas State College at Emporia on Wednesday.

Drake smashed the Indians last year 104-42 in the Fieldhouse and this should spur the Omahans in an effort to upset the Missouri Valley powerhouse. The Bulldogs' latest contest resulted in a narrow 83-79 loss to fifth rated Bradley University.

Emporia State recently ended St. Benedict's win streak at 12 with an 83-65 romp at Emporia.

## Best Home Game

Omaha University, playing its best home game of the year, lost a tough 94-85 decision to Fort Hays State Tigers Saturday night in the Fieldhouse.

The Indians had their offense clicking for the first time in many games but couldn't cool the

hot-shooting Tigers who hit a 56 per cent clip for the game.

Behind at the half 56-45, Omaha came on strong to narrow the gap at one point, 77-74, but once again fell back before another hot streak by the Tigers.

Paul Kaster was the offensive standout for the Omahans with 26 points and a fine floor game. Bruce Hunter chipped in with 20 points for runner-up honors for the Indians.

## Augustana Posts Win

Omaha University's losing streak was extended to five games as the powerful Augustana Vikings rolled over the Indians in the last half for a 91-74 victory in the Fieldhouse Tuesday night.

The visitors from Sioux Falls, S. D., piled up a 25-11 first half lead before the Indians came roaring back to narrow the gap to 40-36 at the half.

Cold shooting was Omaha's downfall. The Indians couldn't capitalize on a similar Augustana cold spell during the third quarter when they were behind by three.

Paul Kaster staged a brilliant offensive show for Omaha with 33 points, many of them coming on long-range shots.

All athletes wishing to participate in spring sports (baseball, golf, tennis and outdoor track) are urged to fill out rosters provided in the office area of the Fieldhouse.

# Indians Prime for Diamond Season

Pleasant weather has sent Omaha University's Baseball Coach Virgil Yelkin into preparation for the upcoming baseball season.

Yelkin called a meeting for all prospective candidates last Friday and went over plans for the season and OU's future role in the NCAA.

Fifteen lettermen either appeared at the meeting or indicated they would return to the 1962 club.

Yelkin is faced with the task of practically rebuilding his pitching staff with only two lettermen pitchers, Barry Miller and Mike Coughlin, returning. Veteran left-hander Mike Szemplenski and sophomore Steve Cochran came up with scholastic difficulties and will be lost for the '62 campaign.

Szemplenski finished last season with a record two wins and two losses plus an important NAIA tourney win at Sioux City.

The Indian catching corps will be bolstered with the return of George Casper who lettered two years ago but fell by the scholastic wayside last year. Casper hit .324 in 1960. Don Gruidel, a sophomore receiver, also returns.

The baseballers have already started informal work-outs on their own with the call for all candidates being set for Feb. 28. Yelkin indicated only lettermen and batterymen will be allowed to work out until then. He added that the work-outs will be limited until the indoor track and basketball seasons are completed.

## DON'T GO TO EUROPE!

...like a flock of sheep, in a "groupy" group visiting 24 countries in 12 days. DO GO TO EUROPE!...the NSA-way...travel designed especially for students. A 70 day program visiting six countries costs \$920—all inclusive, including transportation. Special interest tours to Israel and Western Europe, East and West Europe, Europe and USSR, Drive-It-Yourself and the special Round-the-World tour.
